

XII International Conference «Engineering and Telecommunication – En&T-2025»

26-27 November 2025
MIPT, Moscow, Russia

PRESS RELEASE

About the Conference

Moscow Institute of Physics and Technology (Russia), Tsinghua University (China), Russian Academy of Sciences (Russia) and PhysTech-Union (Russia) will hold the XII international conference «Engineering and Telecommunication – En&T-2025».

En&T-2025 provides a platform for discussing innovative ideas in the field of telecommunications and information technologies, as well as their application in various industries and manufacturing. The Conference will include a plenary session with the invited speakers, thematic sessions with oral presentations, and round-table meeting.

Round-table theme: “AI in wireless communication”

Working language: English, Russian

The Conference will be in the hybrid (part in-person, part virtual) format.

Conference Sections

Telecommunication technologies and networks

Radar and communication systems

Computer systems and intelligent data processing
